PROJECT EXPERIENCE

ProductPal — Inventory Management System

- Designed to be a web based application, we have yet to launch our project, as it is still undergoing changes to ready it for the public market.

WORK EXPERIENCE

Material handler— Hussmann, Bridgeton

Feb 2022 - Sept 2022

- Participating in a 2 person team that resulted in a 50% reduction in production line errors. Also kept inventory of outgoing part counts and locations to minimize delays for the production line.
- Examining and inspection stocked items and tools for wear and defects, reporting and damages to supervisor.
- Determining proper storage methods, identification, and location, based on part turnover, environmental factors, and physical capabilities of the facilities.
- Cleaning and maintaining supplies, tools, equipment, and storage areas to ensure compliance with safety regulations.

Supervisor — UPS, Earth City

Oct 2018 - Nov 2021

- This is your brief job description. Include accomplishments related to your key responsibilities with specifics about relevant skills.
- Ensure work outputs meet the terms of contract requirements and regulation standards, and make sure project designs and operations are accurate and of technical quality.
- Produce daily and monthly reports for clients and management team to demonstrate progress, pinpoint challenges, and identify beneficial solutions.
- Lead site safety inspections and meetings to ensure adherence to safety plans
- Use action verbs to quantify the impact of your work.
